Anachronism Definition. While the inclusion of an anachronism can be a purposeful decision made by an author, it can also be the result of an error: an author making a mistake or doing inadequate research. Anachronism is closely related to juxtaposition, another literary device that places two things side by side in order to highlight their differences.

### **Anachronism - Definition and Examples | LitCharts**

An anachronism is a literary device that places someone or something associated with a particular time in history in the wrong time period. Anachronism comes from the Greek words "chronos," meaning "time" and the prefix "ana-" meaning "back" or "again." There are two literary terms that are closely related to anachronism:
