

Earth And Life Through Time

Earth And Life Through Time

Palaeos is currently undergoing a major revision (hence many links won't be working yet), but hopefully everything should be fixed and ready soon. As such the site administrators would request people who find these lines to keep quiet about the site until we are ready to announce it publicly.

Palaeos: Life Through Deep Time

This series shows the physical processes and human activities that shape our planet. From earthquakes and volcanoes to the creation of sea-floor crusts and shifting river courses, Earth Revealed offers stunning visuals that explain plate tectonics and other geologic concepts and principles. Follow geologists in the field as they explore the primal forces of the Earth.

Life on Earth: A Natural History by David Attenborough is a British television natural history series made by the BBC in association with Warner Bros. and Reiner Moritz Productions. It was transmitted in the UK from 16 January 1979. During the course of the series presenter David Attenborough, following the format established by Kenneth Clark's Civilisation and Jacob Bronowski's The Ascent of ...

Life on Earth (TV series) - Wikipedia

Eons. In geochronology, time is generally measured in mya (million years ago), each unit representing the period of approximately 1,000,000 years in the past. The history of Earth is divided into four great eons, starting 4,540 mya with the formation of the planet. Each eon saw the most significant changes in Earth's composition, climate and life. Each eon is subsequently divided into eras ...
