Originally made this guide on Kronos, figured I'd post it here as well. ----- DISCLAIMER: I'm not saying this is the best/fastest way to level, it's just the way I leveled, and I found it pretty easy and effective. When it comes to Mage leveling, you've got two options: Fire, or Frost.

### **Frost Mage Leveling Guide - Mage - Elysium Project**

Leveling a mage can be pretty difficult (especially for new players), especially around lv 20 and below. However, when a mage reaches a certain amount of levels (40 - 60 for most), it becomes much easier (thanks to all the slowing abilities), but more importantly, "super-duper fun"! The (arguably) best talent tree for leveling is Frost, because even though it doesn't do as much damage as the ...

The mage is a caster. 99,9% of the time, you will want to keep the ennemis as far as possible from you. Until 75 and the powerful Frostfire bolt, the deep Frost spec is, in my opinion, the best spec to pick up while leveling. It offers much more control over your ennemies than fire and arcane and can dish out very nice damage.

One level in improved Blizzard is good to proc Frostbite in dungeons when you're AOEng to shatter with CoC (plus it also slows all the mobs). I also think improved CoC is better than Frost Channeling,

but I care a lot about world PvP and BGs while leveling. For just strict solo questing, Frost Channeling is better.
