Links to Free Online Pilot References. Here is a collection of references that you may find helpful while studying for your test or while working as an instructor (many test questions came from these sources).

Pilot References Documents - FAA Airline Transport Pilot

A flight instructor is a person who teaches others to fly aircraft. Especially Rotor/Helicopter Flight Instructors. Specific privileges granted to holders of a flight instructor qualification vary from country to country, but very generally, a flight instructor serves to enhance or evaluate the knowledge and skill level of an aviator in pursuit of a higher pilot's license, certificate or rating.

Flight instructor - Wikipedia

Round out your library with FAA publications and aviation books written by the best instructors and subject experts in the industry.

Aviation Pilot Training | Southwestern Illinois College

To fly a helicopter, your left hand will operate the collective control, which changes the main rotor's blade angle. Raise the collective to make the helicopter rise, and lower it to make it go down. With your right hand, you'll operate the cyclic control, which is similar to a joystick. Push the cyclic forward to move forward, back to move back, and to either side to move sideways.

How to Fly a Helicopter: 9 Steps (with Pictures) - wikiHow

Is there a single paragraph in the FARs or the AIM that lists ALL the special transponder codes, such as 7500 for distress, 7600 for comm failure, etc.? I can find various scattered references to one code or another, but not a comprehensive listing. If no such single citation exists in the regs, can someone please

FAR/AIM Reference for Transponder Codes | Ask a Flight ...
