Chocablog reader Cliff spotted that Cadbury have updated their web site after the recent fuss about shrinking Creme Eggs. The new text does not specifically state that the eggs have shrunk, only that there is a "broad variety of sizes and flavours of products".. It's also a candidate for the worst marketing-speak we've heard in years, and seems to imply that consumers actually asked ...

The pint (/ ˈ p aɪ n t /, listen (help · info); symbol pt, sometimes abbreviated as "p") is a unit of volume or capacity in both the imperial and United States customary measurement systems. In both of those systems it is traditionally one-eighth of a gallon. The British imperial pint is about 20% larger than the American pint because the two systems are defined differently.
