Catalonia's traditional agriculture was centred on the production of wine, almonds, and olive oil for export, as well as rice, potatoes, and corn (maize) as staples. Slightly more than one-third of Catalonia remains under cultivation, and the traditional crops of olives and grapes are being supplanted by fruits and vegetables for consumption in the cities.

How Canadian Political Parties Work. Political parties hold a great deal of power in the Canadian system of government. Indeed, the Canadian parliamentary system would not be able to function without them. As we learned in previous chapters, the party that elects the most members to the House of Commons forms the Government of Canada and gets to pick the prime minister and his cabinet.
