### **Social Security Number**

One of your neighbors has most likely listed you on their call list (obviously without asking you). The next time you get a call listen to who's alarm went off, you can also ask for their address and phone number THEN you can call them and demand that they remove you from their call list.

Rates and fees. You know what? The Capital One Secured MasterCard doesn't have the best interest rates. But I still like it a lot because if you use this card properly (a.k.a., don't carry a balance), then it won't matter.
