

## *Striking Grappling And Ground Fighting The Skills Behind Mixed Martial*

### **Striking Grappling And Ground Fighting**

Striking on the ground. Traditionally neglected by most grappling arts, striking on the ground is an important aspect of ground fighting. Typically, a top position is better for various strikes than a bottom position, simply because the combatant in the top position can generate the distance and movement needed for effective strikes, while the bottom combatant is restricted by the ground and ...

### **Ground fighting - Wikipedia**

In hand-to-hand combat, grappling is a close fighting technique used to gain a physical advantage such as improving relative position, or causing injury to the opponent. Grappling covers techniques used in many disciplines, styles and martial arts that are practiced both as combat sports and for self-defense.. Grappling most commonly does not include striking or the use of weapons.

Touch Attacks. Some attacks completely disregard armor, including shields and natural armor—the aggressor need only touch a foe for such an attack to take full effect. In these cases, the attacker makes a touch attack roll (either ranged or melee). When you are the target of a touch attack, your AC doesn't include any armor bonus, shield bonus, or natural armor bonus.
