The Complex Past Of Pottery

Pottery is the process of forming vessels and other objects with clay and other ceramic materials, which are fired to give them a hard, durable form. Major types include earthenware, stoneware and porcelain. The place where such wares are made by a potter is also called a pottery (plural "potteries"). The definition of pottery used by the American Society for Testing and Materials (ASTM), is ...

Pottery - Wikipedia

Maya ceramics are ceramics produced in the Pre-Columbian Maya culture of Mesoamerica. The vessels used different colors, sizes, and had varied purposes. Vessels for the elite could be painted with very detailed scenes, while utilitarian vessels were undecorated or much simpler.

My ceramic pieces are defined directly by my love for organic objects. Natural forms and creatures have always been integrated into my work. In the past I have focused on oceanic life forms, which will always have a place in my works.

Earth, Fire, & Spirit Pottery

Pottery: Pottery, one of the oldest and most widespread of the decorative arts, consisting of objects made of clay and hardened with heat. The objects made are commonly useful ones, such as vessels for holding liquids or plates or bowls from which food can be served. Clay, the basic material of pottery, has

Pottery - Western pottery: In the early 1960s, excavations at a Neolithic settlement at Çatalhöyük, on the Anatolian Plateau of Turkey, revealed a variety of crude, soft earthenware estimated to be approximately 9,000 years old. A more advanced variety of handmade pottery, hardfired and burnished, has proved to be as early as 6500 bc. The use of a red slip covering and molded ornament came ...

Brush Making Tutorial. It is really wonderful to be part of a strong pottery community here. Everyone is so supportive of each other and I like being with all of them; so when I noticed that our farm cats here were leaving squirrel tails lying around their feeding area (yes, our cats are better at actually catching squirrels than our enthusiastic but clueless dog), I asked Barbara Zaveruha if ...

At Ancient Origins, we believe that one of the most important fields of knowledge we can pursue as human beings is our beginnings. And while some people may seem content with the story as it stands, our view is that there exists countless mysteries, scientific anomalies and surprising artifacts that have yet to be discovered and explained.
