The tiny-house movement (also known as the "small-house movement") is an architectural and social movement that advocates living simply in small homes. As of 2018 there is no set definition as to what constitutes a tiny house. However, a residential structure under 400 sq. ft is generally considered a tiny home. The tiny-house movement promotes financial prudence, economically safe, shared ...

In much the same way in which he characterized planets and asteroids as powerful, gendered beings in Inside Planets, Ellias Lonsdale gives new depth and nuance to degree analysis, an area often seen as technical or reduced to cliché. Lonsdale builds on three main degree interpretations: Dane Rudhyar's concept of the Sabian Symbols described in The Astrology of Personality and An Astrological ...

Lewis Mumford (October 19, 1895 – January 26, 1990) was an American historian, sociologist, philosopher of technology, and literary critic. Particularly noted for his study of cities and urban architecture, he had a broad career as a writer. Mumford was influenced by the work of Scottish theorist Sir Patrick Geddes and worked closely with his associate the British sociologist Victor Branford.
