Digital literacy refers to an individual's ability to find, evaluate, and compose clear information through writing and other mediums on various digital platforms. Digital literacy is evaluated by an individual's grammar, composition, typing skills and ability to produce writings, images, audio and designs using technology. While digital literacy initially focused on digital skills and stand ...

Digital literacy - Wikipedia

Writing is a complex process that includes everything from handwriting skill to sentence construction to planning and drafting a story. We've found apps that help young children along all of the steps of the writing process, including the final stages — publishing and sharing your writing with others. Several apps can turn your iPad into a handwriting tablet for practice.
